Miso 

Miso 

A good moderation bot, that's still being improved!

Miso has:

- ▶ **Backups;**
- ▶ Role Management;
- ▶ **Channel Management;**
- ▶ And it can also **detect** a variety of **scam links!**

Backstory:

Miso is a cat. Cats are more aggressive than dogs, which is why Miso is a cat. There will be another bot called Miso (dog, more playful so this will be a "fun" bot).
